## PRINCIPAL'S REPORT

### Writer's Festival

On Friday we celebrated our eighth annual Writer's Festival. The purpose of this annual event is to provide our students with an opportunity to be an author. Every student in our school planned, drafted, edited, revised and published a written piece. The theme for this year's event was "diary" and it was amazing to read all the different, creative ideas behind the students' published pieces. Well done to all our students on celebrating themselves as authors, on our festival committee for adjudicating the highly commended and winning entries and for all our wonderful parents and carers who helped to laminate and book bind.

### Stage 1 complete

We have now completed the first of two stages of our capital works. Our Science, Technology, Engineering & Mathematics (STEM) room has now been installed. Fencing has been established ready for the delivery of our new double portable classroom that will be our library in 2020. The posts are being constructed before early next week when five trucks will deliver the five modules, with a crane used to join them all together like five giant Lego blocks.

### Print-a-car

Congratulations to *Or, Johnathan, Matilda and Isaac (5/6T)* for representing Templestowe Heights Primary in the state finals of the Quantum print-a-car competition. Our students were up against some strong opposition as they raced their cars against other teams from both primary and secondary schools. Our students did extremely well and took out the "Most Original Car Design" for the Primary School section. It was amazing to see our students use persistence to continue to modify their car design through a cycle of print, redesign and reprint until they finally got their car to the specifications they wanted. Thank you to Ross Toogood for his guidance and mentoring and well done Or, Jonathan, Matilda and Isaac we are extremely proud of you!

### Kids Hope

For over 25 years Templestowe Heights Primary has had a positive and long lasting relationship with Kids Hope. Led by the amazing Bev Fraser and her husband Malcolm (who were also a founding family when our school first opened), our Kids Hope mentors provide guidance and support for some of our students. Our students really enjoy spending time with their mentors who offer them support and help them find a connection to school and life. Thank you so much to Judy, Michael, Bev, Charmaine, Ruth and Sue for their continued support and the positive partnership they have played in the lives of some of our students.

### Gingerbread House making success

On Wednesday night we had our 15<sup>th</sup> annual gingerbread house making event. Run by ex-parent Kym, the art room was full of parents and children as they sat and created their gingerbread houses. While some gingerbread houses were a sight of beauty to behold, others were more interested in eating the lollies and licking the icing (particularly my 3 boys). Thank you to the wonderful *Parents & Friends* for organising such a worthwhile event.

### Transition and Trust for 2020 classes

This coming Tuesday all students from Foundation - year 5 will participate in the first of two transition sessions. The purpose of these 1 hour sessions is for students to meet the teacher they are going to have, in the room with their classmates for 2020. I would like to reiterate what I mentioned in last weeks' newsletter, please **trust** our education support staff and teachers for placing your child in their class for 2020. Staff have spent countless hours creating the classes, following the guidelines of our class formation policy.

It is important that parents and carers are prepared for their child to come home and be unhappy after their first transition session. This is a normal reaction and typical behaviour, as change can be challenging for many children as they realise they are moving to a new space that is unfamiliar and new to them. This is a time when children will be moving out of their comfort zone and into the unknown. Please resist the temptation to contact us because you are concerned your child is not happy with the teacher, classroom or classmates. This is an aspect of how we grow resilience and something we all need to flourish as adults.

## Guide Dogs' News

Gracious me! The end of term is coming soon and so are the wonderful summer holidays!

It has been a quiet year as far as raising another Guide Dog pup goes, though not in the THPS dog-world. Grover returned to school in February this year, after eight years of good works as a Guide Dog. He has retired now and lives with my family; he has returned to the same family home and to the same school! How lucky we are to be supported to have him back.

Grover was my pup-number-two back in 2011; his handler and I became friends and she chose for him to return to us when he needed to retire. People ask me, "When do they retire Guide Dogs?" It's actually the dogs who let people know when they need to stop working. GDV provides supports to handlers, including regular visits to check that the dog is still working well and wants to do so; they specialise in, and observe, animal behaviours (and of course, health and general welfare). Grover's legs got tired and arthritic and he got tired too. So now his home is with me; he comes to school each day, meets other dogs to have a play and comes to all sorts of places with me. Though he has lost all legal rights of access, we find dog-friendly cafes, parks and beaches; the local florist lets him in to lie amongst all the beautiful flowers!

Grover has many fans at THPS. He goes to Miss Chipman's class weekly, wanders over to Miss Bruinewoud's class too, visits Margaret in the office and stays for a while, pops in to Mr. Coulson's office and runs up the corridor to greet Mr. Veal; all the students in 34J enjoy having, and caring for, him as do those in other classes. Families drop in for a pat and to give him a much-loved tummy rub! Yard Duty sees me with Grover and a frenzy of followers who want to walk with us and hold his lead. Grover is finding his inner puppy again when he is not snoozing!

Last years' pup, Marek, is happily Guiding for a man with low vision and living with him, his wife and family of four children. His graduation walk was a delight to witness.

Have a super holiday, everyone. Well-deserved all round! Grover is off to the Gippsland farm, to explore and run away fast from the hissing geese!

Kind regards,

Liz James
