PRINCIPAL'S REPORT

Harmony Day – Our Global Village

Did you know within our school community population:

- 50% are girls and 50% are boys.
- 53% of our parents were born in Australia, 9% in China, 6% in Iran and 5% in India. The remaining 27% are from many other countries
- 12% of students were born overseas.
- 21% of our students speak a language other than English at home.

Our school community is culturally diverse and with this we have a greater appreciation for tolerance and understanding. Next Friday 25th March our Junior School Council and Environmental Leaders have organised a special event for Harmony Week. Students are encouraged to wear orange and the occasion is to recognise cultural diversity.

Badge Presentation Online

This Friday at 3pm we will be hosting our JSC/Enviro and Year 6 Leaders badge presentation at our online assembly. Parents and carers can log into our WebEx room to watch the assembly on **571 909 455**.

Print-a-Car

Our year 5/6 students have been given an opportunity to participate in this years' 3D print-a-car competition. The purpose of this competition is for students to design and print a car (using our 3D printers) that can drive 100 metres, along a string propelled with a nitrogen cylinder. The fastest car will then participate in a state competition against other schools. A few lunch times each week, Ross Toogood and Hugh Beasley have been supporting our eager engineers navigate through the *plan to drive* design process. We are looking forward to the final product.

FIRST AID

Managing illness in schools Information for parents and carers

One of the most important things we can do to slow the spread of coronavirus (COVID-19) in our community is to stay at home when we are unwell, even when we have the mildest of symptoms.

What you need to know

- If your child is unwell, even with the mildest of symptoms, they must stay home.**
 - If a child becomes unwell during the day, they should be collected from school as soon as possible.
- If your child has any symptoms of COVID-19 below, however mild, they should get tested for COVID-19:**
 - fever
 - chills or sweats
 - runny nose
 - sore throat
 - Shortness of breath
 - loss of sense of smell or taste
 - cough
 - runny nose

Some people may also have headache, muscle soreness, stuffy nose, nausea, vomiting and diarrhoea. For more health advice:

- call the 24-hour COVID-19 Hotline 1800 675 398
- call Nurse on Call 1300 606 024
- call your child's general practitioner (GP)

3. **Your child can be tested with a rapid antigen test at home, or a PCR test. They must stay at home until they receive a negative result and their symptoms have resolved.**
 - If you can't get a rapid antigen test or if you're still worried about your child, you can [find and go to a testing site](#) for a PCR test. Some [testing sites have rapid antigen tests](#) as well.
 - If a rapid antigen test is negative but your child is symptomatic, your child should have a PCR test done.
 - Find advice about [getting tested](#), as well as [parent and carer information about rapid antigen testing](#).
4. **If your child has a negative COVID-19 test and their symptoms have resolved, they can return to school.**
 - You don't need written medical clearance from COVID-19.
 - There are illnesses other than COVID-19 where your child must stay at home for a certain amount of time – these are listed on the Department of Health and [school exclusion table](#).
5. **A medical certificate is not needed, but may be helpful if your child:**
 - **has ongoing symptoms due to underlying conditions such as hay fever or asthma**
 - If their symptoms are usual for their condition, they can keep going to school.
 - A medical certificate describing their condition can help schools better know your child's health and care plans.

Remember: if your child's symptoms are different or worse than usual, they should stay at home, get tested for COVID-19 again, and seek health advice.

6. **If your child has a positive COVID-19 test, they must stay at home:**
 - Follow the [checklist for people with COVID-19](#).
 - If a [rapid antigen test](#) at home is positive, report the result as soon as you can so your family can start getting advice and help:
 - Tell the [Department of Health](#) by online form or COVID-19 Hotline 1800 675 398.
 - Tell your school (including other children at home who are [household contacts](#)).
 - Answer [texts and surveys from the Department of Health](#).
 - You may be able to get [financial help](#) or [other help](#) to look after your family safely at home.
 - **When your child finishes their quarantine period**, you don't need written medical clearance from COVID-19 to return to school.

Further information

- All families can plan and prepare ahead for COVID-19 at home using [this checklist](#).
- You can find information about COVID-19 in [different languages](#).

This advice has been prepared by the Department of Education and Training and the Department of Health.

Our

Pokémon themed week was a great success. All of the children got involved in all the activities. But the most popular activity was the Pokémon paper magic clay creations.

Some of the children that aren't a fan of Pokémon but still got involved with the theme by participating in some Pokémon coloring in. However, to change it up for the students who don't enjoy Pokémon as much we had a session of making butterflies and flowers out of pipe cleaners and decorative beading- these are now pinned on the walls in the multipurpose room. So many students got involved in these creations and we all had lots of fun! We also let the students be creative and make whatever they desired. We saw some students make chains, bracelets, and animals.

Due to the great response from the students, we have planned to have baking days with the students every fortnight. We had a group discussion and left it up to the students to suggest what they would love to cook! Once we had a smorgasbord full of options, we conducted a group vote and after much deliberation we have decided that this week's cooking challenge will be chocolate chip cookies!

TheirCare staff are extremely happy to see that our numbers are increasing each day, especially during after school care. We would like to thank all the families of Templestowe Heights Primary for registering to TheirCare, it has been great getting to know you all and we hope to meet more of you in the near future.

EXPRESSION OF INTEREST – MINIBALL
PRIMARY SCHOOL BASKETBALL COMPETITION
2022 – TERM 2

Dear Parents

We are now asking for expressions of interest for children that would like to take part in the Bulleen Miniball Competition for Term 2.

This competition takes place **after school** on a Friday at Bulleen Stadium in Sheahans Rd and is aimed at teaching prep aged children the rules and techniques of basketball while playing a game.

Drop down rings are lowered for Miniball and are a good height for children of this age.

Games run for 35 minutes, start times vary each week and are between 4.10 – 6.10pm.

The umpire and coaches are on the court throughout the game to explain the rules and instructions to the players. The game consists of 2 x 15 minute halves and is not scored.

Learning the rules and how to play the game, whilst having fun, are the main goals of Miniball.

No previous experience is necessary.

The season commences the first week of term 2 (Friday 29th April) and runs for 9 weeks.

We will need parents/relatives to help coach and manage the teams or it will not be possible.

Please let us know if you can take on or help with either of these roles. Previous basketball or coaching experience is not necessary. You will need a current Working With Children Check which is free to apply for online <https://wwcv.auspost.com.au/> and be fully vaccinated for COVID.

Cost - \$75 per child for the term (we will email you the registration link from Bulleen later).

Uniform – players wear their school uniform – light blue polo and navy shorts/skort/pants and sneakers.

Expression of Interest Registration – is free using this link: <https://www.trybooking.com/BXWUY> as soon as possible so we have an idea of player numbers.
