We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Our executive leadership team monitors the Child Safety Risk Register.

## Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct [\[insert link\]](#) also includes processes to report inappropriate behaviour.

## Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

### Promote a culture of online and physical safety for all students

- Supervise students properly in all settings, including the playground, excursions and camps.
- Give particular attention to the safety, diverse needs and vulnerabilities of students in each activity or setting. Consider whether there are any barriers that might prevent students from raising concerns.
- Inform students and their families about appropriate use of the school's technology, safety tools and how to seek help and report concerns including cyberbullying and online grooming.
- Keep up to date with current online safety issues and expert information from specialist government and non-government bodies including the Office of the e-Safety Commissioner, and eSmart Schools.
- Promote activities in the school community that connect schools and communities and raise awareness to prevent bullying and violence (e.g. National Day of Action against Bullying and Violence).

### Manage risk in physical spaces

- Identify and document the school's child safety risks in the school's risk register or equivalent and ensure strategies are in place to manage those risks.
- Consider the range of school environments and the nature of physical spaces including onsite buildings and grounds, classrooms, corridors, and pick-up and drop off areas.
- Consider off-site physical environments for student use and where reasonably possible, inspect these sites and venues for events, excursions, camps and international student accommodation ahead of time.
- Consider risks arising from child-to-child and adult-to-child interactions in physical and online spaces.
- Consider cultural safety. The school ensures the physical school environment is welcoming to Aboriginal people?
- Inform staff, volunteers and students where appropriate of identified risks and risk management strategies.
- Keep records of risk management activities, including risk assessments for camps and excursions.
- Provide training and refresher training to staff and relevant volunteers on risk management policies and procedures.

### Supervise appropriately

- Be aware of risks posed by dark spaces, stairwells, private spaces and corners in school environments and develop strategies to address these risks.
- Inform students about spaces that are off limits, including out-of-bounds areas, storerooms and staff rooms.
- Nominate ratios of staff and volunteers to students for different types of activities.
- Keep records of any court orders in place regarding access or intervention orders and communicate to staff who can collect students in these circumstances.

- Protect student privacy by supporting students to limit the amount of information provided online.
- Require school staff to undertake information security training to reduce the risk of online phishing or malware attacks.

- Undertake child safety due diligence when engaging third parties. A new vendor presents new risks.
- Require vendors to provide evidence of compliance with the Child Safe Standards when establishing contracts to deliver services to students.
- Ensure a Privacy Impact Assessment is undertaken for any software handling student personal information.
- Make child safety a feature in legal contracts. The Victorian Government Common Funding Agreement has this as standard.

  - cease all activities with the vendor until the issue is resolved
  - if appropriate, inform the vendor of the non-compliance and provide an opportunity to rectify the problem, or
  - if the issue is serious, contact the relevant authorities.

## **Establishing a culturally safe environment**

At Templestowe Heights Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Display plaques and signs to Acknowledge Country and Traditional Owners.
- Make Aboriginal voice part of decision making in matters that affect Aboriginal students. Be open to different ways of doing and expressing things.
- Celebrate the local Aboriginal community in communications with students, staff, volunteers and families. Share information through school newsletters, school assemblies, parent information nights.

- Lead on safety and inclusion for all Aboriginal students and their families. Learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.
- Build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.

Provide a welcoming environment for Aboriginal children

- Acknowledge and draw on the existing knowledge of Aboriginal students and their families.
- Use Koorie Engagement Support Officers (KESOs) to provide advice to government schools about creating culturally inclusive learning environments.
- Use the Marrung Aboriginal Education Plan 2016–2026 to guide the school’s support for Aboriginal self-determination.

### **Actively address racism**

- Express zero tolerance of racism in your statement of commitment to child safety included in your Child Safety and Wellbeing Policy and other documents.
- Address racism from students, staff, volunteers or visitors directly. Make sure racist speech or actions are always dealt with, and the culture of the school works to prevent incidents from occurring.
- Put school leaders at the front of anti-racist action. Discuss racism and work to address unconscious bias and racism in the school community.
- Encourage non-Aboriginal school leaders and teachers to commit to ways they can work as an effective ally to Aboriginal students, their families and communities.

### **Guide and train staff and volunteers**

- Arrange Community Understanding Safety Training (CUST) or equivalent for staff.

### **Build knowledge of Aboriginal culture in school planning and curriculum**

- Find out about the Traditional Owners of the land/s where the school is situated at the Map of Indigenous Australia and learn about the importance of acknowledging Traditional Owners.
- Include Aboriginal history and culture in professional learning for staff and volunteers and in curriculum planning for students.
- Develop a resource bank of digital, hardcopy print and other artefacts that support the inclusion of Aboriginal content across the curriculum.

### **Partner with Aboriginal communities**

- Support local Aboriginal businesses through school procurement.
- Engage with local Aboriginal communities via Traditional Owner groups, corporations or the Registered Aboriginal Party to review cultural safety in school environment, systems and processes.
- Engage with the Local Aboriginal Education Consultative Group (LAECG) and/or the Victorian Aboriginal Education Association Incorporated (VAEAI).

### **Review and assess how the school supports cultural inclusion**

- Use the Victorian Aboriginal Child Care Agency cultural safety continuum reflective tool to make a tailored learning and development plan focused on staff cultural competence learning needs.
- Develop and implement an Aboriginal and Torres Strait Islander Reconciliation Action Plan.

## Student empowerment

To support child safety and wellbeing at Templestowe Heights Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging implementing our whole school approach to Respectful Relationships, our student Code of Conduct, statement of values and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns by contacting the school and requesting to speak with the Principal on 9850 1796.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

As a school we will also empower students by:

- inform students about all their rights, including their rights to safety, information and participation
- recognise the importance of friendships and encourage support from peers, to help students feel safe and be less isolated
- make sure staff and volunteers:
  - are attuned to signs of harm
  - facilitate child-friendly ways for students to express their views, participate in decision-making and raise their concerns
- to develop a culture that encourages participation and responds to what students say
- give students opportunities to participate, and respond to their contributions to strengthen confidence and engagement
- offer students access to sexual abuse prevention programs and related information in an age-appropriate way. School boarding premises are required to offer sexual abuse prevention programs and related information where it is relevant to the setting or context
- develop curriculum planning documents or other documentation that details how the school will address these requirements.

## Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Templestowe Heights Primary we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- newsletters, school council, subcommittees of school council, student, staff, and parent & friends meetings.
- all of our child safety policies and procedures will be available for students and parents at <https://templestowehts.vic.edu.au/about-us/#policies>

- Newsletters and our weekly communication will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school
- inform families and carers about the school's governance and approach to child safety and wellbeing, including roles and responsibilities of school staff

## Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy [\[insert link\]](#) provides more information about the measures we have in place to support diversity and equity.

### Recognise the diverse backgrounds, needs and circumstances of students

- Recognise the range of diverse student and family attributes. Pay attention to:
  - cultural safety for Aboriginal and Torres Strait Islander students
  - the needs of students with disability and responses to disability
  - the needs of students from diverse religious and cultural communities
  - the needs of very young students and children
  - the impact of prior trauma
  - gender differences
  - the experiences of lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) students
  - challenges for students who are in foster care, out of home care, living away from home or international students
  - socio-economic factors (experiencing family homelessness, insecure employment or accommodation, individual or family contact with the justice system, poverty, addiction, low educational attainment, remote or regional isolation).
- Pay attention to diverse student cohorts and individuals in our community, recognising that they may have higher risk of harm.
- Normalise asking for and using people's preferred pronouns and names for students.
- Use contemporary, culturally sensitive and inclusive examples when discussing families, relationships or professions and vocations.

### Identify and address challenges that students experience due to their diverse attributes

- Communicate that discrimination and bullying are not tolerated – if incidents of bullying or discrimination occur, address the incident in line with school policy.
- Let students know they can raise concerns or report incidents that occurred at school and outside the school.
- Check in with vulnerable students and their families to confirm their needs are being met. This can occur at pick-up or drop-off, at parent/carer teacher interviews or through informal discussions.
- Engage genuinely with students. Find out what matters to them, what they know and don't know about safety, and what they need to be safe and feel safe.
- Validate students' feelings. Students may feel that they have not been listened to or believed in the past.
- Offer buddying and mentoring for students who are at risk of social isolation.
- Discuss how students feel about discussing their personal circumstances and respect their wishes. Note that where staff or volunteers have formed a reasonable belief that sharing information is necessary to lessen or prevent a serious threat to an individual's life, health, safety or welfare, they may be required to share information despite the wishes of the student that their information remain confidential.

### **Put in place policies and strategies to help meet the diverse needs of students**

- Ensure school environments are welcoming and inclusive. For example:
  - display flags representing different cultures within the school community
  - provide materials in different languages
  - decorate the school with artistic expressions from students and young people.
- Accompany child safety information with the support materials needed to help students and families interpret it.
- Anticipate the needs of students from diverse backgrounds and life circumstances. Don't expect all students to be equally empowered to ask for what they need.
- Provide staff and volunteers with training to identify and address racism, bullying and discrimination.
- Seek out expert advice as needed to support inclusion, such as an occupational therapist, speech pathologist, provision planning.

### Support diversity through school planning and resources

- Recognise dates that connect with our school community.
- Compile a range of age-appropriate instructional materials for exploring differences and similarities in class including:
  - Resilience Rights and Respectful Relationships resources
  - Books, and resources that reflect diverse views and perspectives
- Use images of students with diverse characteristics in school publications to reflect the school community.

### School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Templestowe Heights Primary School child safety and wellbeing policies, procedures, codes and practices

### Complaints and reporting processes

Templestowe Heights Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at [insert link].

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures [insert link]. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy [insert link] and Bullying Prevention Policy [insert link] cover complaints and concerns relating to student physical violence or other harmful behaviours.
