# CLASS FORMATION POLICY – VERSION 1

## RATIONALE

- A clearly defined, collaborative process for the placement of children into classes will lead to greater efficiency, increased understanding and improved opportunities for learning.

## AIMS

- To provide each child with the opportunity to be part of a class of children that will allow them the best opportunity to learn.
- To form well-balanced classes of children that take into account the social, emotional, academic and physical characteristics of each child.
- To ensure that optimum use is made of the prior knowledge that teachers, parents and others have of each child prior to class placement.

## IMPLEMENTATION

1. The Victorian Government Schools Agreement will provide the basis for determining class sizes.
2. While the allocation of children to various classes, class structures and class compositions are all ultimately responsibilities of the Principal, a collaborative process will be employed.
3. The process of forming classes will commence in November of the previous year.
4. The Principal will seek input from parents prior to the class formation process. All parent input must be directed to the Principal and placed in writing before the nominated deadline. The Principal will inform staff of relevant parent input prior to the formation of classes.
5. The Principal, in consultation with staff and after considering student numbers, will determine the number of classes for the following year, class sizes and the year levels of each class.
6. Staff members will be required to work collaboratively to create draft classes of students.
7. Consideration will be given to gender, each child's ability, behaviour and friendship groups. Individual needs and a whole school perspective will be considered.

8. The Principal will make any necessary final alterations.
9. Under exceptional circumstances the Principal may reorganise classes throughout the year.
10. Staff members will not disclose the composition of proposed classes prior to any formal announcements.
11. Children who enrol at the school during the year will be temporarily allocated to classes, with the possible need to alter the placement once further information regarding the child is known.
12. Details relating to the school organisation, classes of children, and the roles of teachers will be disseminated to parents.
13. Concerns regarding the placement of specific children in classes, the allocation of particular teachers to classes, or the overall structure of classes must be directed to the Principal.
